[REDACTED] It is difficult to precisely predict data communications requirements in connection with data processing plans for FY 1980 - 1984, but some possible items are:

a. [REDACTED] increased data transfer rates from [REDACTED] It is conceivable, in the above time frame, that computer-to-computer speeds (9600 baud) will be required.

b. [REDACTED] If the amount of data being transferred warrants it, increased data transfer rates from the [REDACTED] (in lieu of secure voice speeds). Again, 9600 baud is the preferred rate.

c. [REDACTED] Ditto for the [REDACTED]

d. [REDACTED] A backup system for the infrared link between Headquarters and P&P building.

e. [REDACTED] Installation of new terminals in various Logistics areas in [REDACTED] [REDACTED] in Headquarters, and in P&P building.
